

REFERRAL PLAN

WE ARE EXPERTS IN AUTOMATED
FOREX TRADING INCOME.

SOFTTRADEAI is an Artificial Intelligence Asset Management Company that uses the advance AI software tools to trade in the Forex market to generate income for our investors.

After investing time effort and money we have come up with a software that can generate 2% to 4% daily income 5 days a week on auto pilot

Our AI software will use the historical data to learn how the market reacted in past events. Based on these reactions, AI Systems can learn to behave in more productive ways in future market conditions.

Our **CEO** Ryan Baines

Ryan Baines has been doing forex trading for the last four years now, and he is also pretty good and online marketing.

With the help of other forex trading experts, he has invested a lot of money to build an AI software that can generate significant amounts of forex trading profits for our investors.
